June 5-6, 2012

### Uniting the Trenchless World

Underground Infrastructure Research (UIR) International Conference and *Trenchless Technology* Road Show  
Scotiabank Convention Centre, Niagara Falls, Ontario, Canada

[www.trenchlessroadshows.com](http://www.trenchlessroadshows.com)

*Trenchless Technology* Road Shows in partnership with the Centre for Advancement in Trenchless Technology (CATT) present their 2012 conference and trade show themed 'Uniting the Trenchless World'. This show offers CEU credits with a combination of classroom sessions and interactive outdoor demonstrations. There will also be many exhibitors on hand to share their knowledge of industry products and services.

September 19-21, 2012

### Breakthroughs in Tunneling

Colorado School of Mines

Tunneling 3-Day Short Course  
Colorado School of Mines, Golden, CO  
[www.csm.space.com/events/tunneling/](http://www.csm.space.com/events/tunneling/)

Microtunneling Inc., in conjunction with *TBM: Tunnel Business Magazine*, presents "Breakthroughs in Tunneling" – a three-day Short Course that covers all aspects of conventional and mechanized tunnel design and construction in hard rock, soft ground and soils. Presented by international experts in the tunneling community, this one-of-a-kind Short Course provides in-depth, specialized instruction not offered anywhere else in the world. The Short Course benefits anyone involved in the multi-billion dollar global tunneling sector.

October 9 – 10, 2012

### Opportunities in Utility Construction Conference

In conjunction with the *Trenchless Technology* Road Show  
Roberts Centre, Wilmington, OH  
[www.trenchlessroadshows.com](http://www.trenchlessroadshows.com)

This unique show presents regional opportunities in utility construction in Ohio, West Virginia, Kentucky, Pennsylvania and Indiana. Track sessions will include topics on site preparation, geothermal, shale drilling, solar power, wind power and equipment innovations, as well as trenchless technology. There will also be outdoor demonstrations and many exhibitors who are eager to talk with you about industry products and services.

Nov 28-29, 2012

### Transforming the Culture of Water Infrastructure Management

12th Annual UIM Asset Management Conference  
Virginia Tech Research Center, Arlington, VA  
[www.uimonline.com/conferences](http://www.uimonline.com/conferences)

The UIM Conference Series heads to the Washington, D.C. area for its annual conference, held in conjunction with the WATER infrastructure Database (WATERiD) committee meeting and the Buried Asset Management Institute-International (BAMI-I) annual Board of Directors meeting. The UIM Conference is a unique conference that encourages dialogue between an expert lineup of speakers and attendees on topics including asset management, water financing and funding, utility case studies, innovative management models, emerging technologies and water infrastructure challenges.

Feb 12-14, 2013

### 20th Annual Microtunneling 3-Day Short Course

Colorado School of Mines

Featuring Pilot Tube Course on February 11  
Colorado School of Mines, Golden, CO  
[www.csm.space.com/events/microtunnel/](http://www.csm.space.com/events/microtunnel/)

The annual Microtunneling Short Course has established itself as the premier instructional venue for microtunneling worldwide covering the latest in emerging technologies from this growing field. If you are involved with microtunneling or are planning to be involved, the Microtunneling Short Course is a must-attend event to obtain the latest technical information to ensure a successful project.

March 3-7, 2013

### NASTT's 2013 No-Dig Show

Sacramento Convention Center, Sacramento, CA  
[www.nodigshow.com](http://www.nodigshow.com)

NASTT's No-Dig Show is the largest trenchless technology conference in North America, where professionals attend to learn new methods and techniques that will save money and improve infrastructure. This trade show and conference provides attendees an opportunity to learn everything about trenchless in technical sessions, network with peers and talk to vendors during exhibit hall hours.
